# DIY | Wall - Exterior 2"x 6" | Total R-21

# R-3.9 and a Vapor/Moisture Barrier for the Reflectix® Reflectix® Installation Instructions

- 1. Reflectix<sup>®</sup> Insulation
- 2. 2"x 6" Stud
- 3. Un-faced Fiberglass
- 4. Exterior Panel

### **Tools Required:**

Safety Glasses Staple Gun Tape Measure Utility Knife/Scissors

#### Recommended Products:

- Reflective/Bubble/Bubble/Reflective Roll: BP24025 (24"x 25')
- · Staple Tab, Reflective/Bubble/Bubble/Reflective Roll: ST16025 (16"x 25'), ST24025 (24"x 25')

#### **Installation Instructions:**

- · Install R-19, un-faced, per manufacturer's specifications.
- Place one corner edge of the Reflectix<sup>®</sup> in an upper corner of the stud cavity. Staple the product to the side of the stud (creating a 3/4" tab on the product and compressing into the fiberglass (3/4" as well)). The edge of the product should be flush with the forward corner of the stud.
- · Proceed "down" stapling to the side of the stud every 2"- 3".
- Repeat procedure on opposite stud.
- The Goal: Create a continuous 3/4" air space between the product and the interior panel.
- Finish wall interior.

## Review These Important Safety Guidelines Prior to Installation:

- · ALWAYS check local building codes before installing Reflectix®.
- <u>ALWAYS</u> check the area you are insulating and make any needed repairs. Any worn wiring should be replaced before you begin installing Reflectix<sup>®</sup>.
- · ALWAYS make sure work areas are well ventilated and well lighted.
- · ALWAYS use eye protection when operating a staple gun.
- <u>ALWAYS</u> use caution and common sense when using a staple gun. Be aware of where electrical wiring is located.
  Stapling into a wire can cause severe shock or death. <u>NEVER</u> staple into electrical wiring.
- · ALWAYS be careful when working with large pieces of Reflectix® on windy days.
- · When installing Reflectix® on bright sunny days, it is best to wear sun glasses.
- Do not work in areas such as attics when temperatures are too hot.
- · Visit our website at www.reflectixinc.com for additional product and installation information.

Please Note: The intention of these Installation Instructions and 3-D renderings are for the sole purpose of illustrating the correct location and relative position of the Reflectix® products in specific building assemblies. The correct construction methods and techniques are the responsibility of the installer or contractor. The methods outlined are recommendations on location of the Reflectix® products as a guideline. There are no claims on the part of Reflectix, Inc. that these building assemblies are finite standards or meet building code requirements (as they can vary by region).
