

# Pro Sill Sealer | Air/Moisture Barrier

## Reflectix® Installation Instructions

1. Sill Sealer
2. Sill Plate
3. Concrete Slab

### Tools Required:

Safety Glasses  
Tape Measure  
Utility Knife/Scissors

**Note:** Installation instructions and illustrated drawings are recommendations only, while proper local construction methods are the responsibility of the installer.

### Recommended Products:

- Sill Sealer, Ribbed Polyethylene, White - Roll: CF3055036 (3.5" x 50'), CF5055024 (5.5" x 50'), CF7055016 (7.5" x 50'), CF9055012 (9.5" x 50')

### Installation Instructions:

- Install a continuous course of the Reflectix® Sill Sealer between the foundation wall (or footing) and the sill plate.
- The product can also be installed around window and door frames.

## Review These Important Safety Guidelines Prior to Installation:

- **ALWAYS** check local building codes before installing Reflectix®.
- **ALWAYS** check the area you are insulating and make any needed repairs. Any worn wiring should be replaced before you begin installing Reflectix®.
- **ALWAYS** make sure work areas are well ventilated and well lighted.
- **ALWAYS** use eye protection when operating a staple gun.
- **ALWAYS** use caution and common sense when using a staple gun. Be aware of where electrical wiring is located. Stapling into a wire can cause severe shock or death. **NEVER** staple into electrical wiring.
- **ALWAYS** be careful when working with large pieces of Reflectix® on windy days.
- When installing Reflectix® on bright sunny days, it is best to wear sun glasses.
- Do not work in areas such as attics when temperatures are too hot.
- Visit our website at [www.reflectixinc.com](http://www.reflectixinc.com) for additional product and installation information.

**Please Note:** The intention of these Installation Instructions and 3-D renderings are for the sole purpose of illustrating the correct location and relative position of the Reflectix® products in specific building assemblies. The correct construction methods and techniques are the responsibility of the installer or contractor. The methods outlined are recommendations on location of the Reflectix® products as a guideline. There are no claims on the part of Reflectix, Inc. that these building assemblies are finite standards or meet building code requirements (as they can vary by region).
